To whom it may concern:

The Golf Firm, under the direction of Bob Malkowski, has been an ambassador for the Manteno Golf Club & Learning Center in Manteno Illinois. Bob has found many hole sponsors for our course, he has made the signs advertising their businesses, and he has installed the signs on our course. The Golf Firm has brought in thousands of dollars in cash revenue to our course.

We feel that Bob Malkowski has been supportive in advertising and spreading the word about Manteno Golf Club. Bob is a genuine people-person and a natural salesman who is able to help businesses thrive through his professional and optimistic manner. We feel that any golf course would do well to allow Bob to help promote their business.

Feel free to call me if you have questions or doubts about the authenticity of Mr. Malkowski and The Golf Firm.

Sincerely,
